

# English Major Application

Welcome to the English Department. To enable you to make the most of your academic career we will be happy to offer you all the advisory support you need. We recommend that you plan your academic program carefully and declare your major early. You are encouraged to see the advisor to discuss any concerns or ask any questions you may have. Please note that it is necessary to schedule an interview with an advisor before you can file the official "Declaration of Major Form."

Because we want to provide you with relevant information about those programs we offer that would best meet **your** needs and goals, we are asking you to tell us a little about yourself by providing the information requested below. You should bring this completed form **and** an up-to-date transcript to the appointment you make to declare your major.
